REPORT
—OF THE—
Comptroller of the Treasury
OF THE STATE OF MARYLAND.

COMPTROLLER'S OFFICE,
Treasury Department,
ANNAPOLIS, MD., January 7, 1890.

To the Honorable,
The General Assembly of Maryland :

I respectfully submit to you my report of the condition and of the operations of the Treasury Department for the fiscal year ending on September 30, 1889.

RECEIPTS.

The total revenue received into the Treasury during the fiscal year was \$2,067,343.71, and the balance in the Treasury September 30, 1888, was \$532,069.46, making the total amount in the Treasury during the fiscal year \$2,599,413.17.

The amount of receipts in the Treasury for 1889 exceeds that of the year 1888 by \$57,283.47. The receipts in detail are given in "Statement A," appended to this report.

DISBURSEMENTS.

The total disbursements during the fiscal year 1889 were \$2,188,686.16, being greater than the disbursements of the previous year, 1888, by the sum of \$98,625.92. The disbursements in detail appear in "Statement B" of this report.

The balance in the Treasury at the end of the fiscal year was \$490,727.01.

ESTIMATES.

The estimates of receipts for the next fiscal year are detailed in "Statement C," amounting in the aggregate to \$1,900,276.84, which, if realized and added to the balance in the Treasury 30th

September last, would make the total amount in the Treasury during the current fiscal year to be \$2,391,003.85.

"Statement D" shows the estimated disbursements for the current fiscal year to be \$1,817,212.30.

FREE SCHOOL AND SINKING FUNDS.

"Statement E" gives a detailed account of the Free School Fund, and also of the Sinking Funds, for the fiscal year ended 30th September, 1889.

FREE SCHOOL FUND.

The receipts on account of the Free School Fund during the fiscal year were \$69,988.58. This sum added to the balance standing to the credit of the fund 30th September, 1888, viz.: \$11,617.15, makes an aggregate to the credit of the fund during the fiscal year 1889 of \$81,605.73. The disbursements from the fund during the same time were \$71,405.88, leaving a balance to the credit of the fund 30th September, 1889, of \$10,199.85. These disbursements are given in detail in "Statement E."

SINKING FUNDS.

"Statement E" also gives in detail the receipts into the several Sinking Funds for the fiscal year, viz.:

General Sinking Fund.....	\$ 52,614 30	
Balance September 30, 1888.....	8,239 14	
	<u> </u>	\$ 60,853 44
Treasury Relief Loan Sinking Fund...	\$ 59,466 69	
Balance September 30, 1888.....	3,359 85	
	<u> </u>	62,826 54
Sinking Fund Defence Redemption		
Loan.....	\$287,527 07	
Balance September 30, 1888.....	121,080 75	
	<u> </u>	408,608 72
Making an aggregate of.....		<u>\$532,288 70</u>

In the aggregate is included the sum of \$71,357.25 received from the Cincinnati, Washington and Baltimore Railroad Company for the bonds of the Company held by the State to the credit of the Sinking Fund for the redemption of the Defence Redemption Loan and sold by direction of Treasury officers.

There was invested on account of these Sinking Funds during the past fiscal year the sum of \$522,185.26, and there remains to the credit of the several Sinking Funds in cash the sum of \$10,-103.44.

"Statement F" shows in detail the several investments which have been made of the moneys belonging to these funds from time to time, and the amounts remaining uninvested at the close of the fiscal year. Chap. 533 of 1888, being an act to regulate the levy for State purposes for the year 1888, and subsequent years, provided a tax of one-fourth of one cent on each one hundred dollars to meet the interest and create a Sinking Fund for the redemption of the Exchange Loan of 1886. This tax is too small to meet the requirements of said act, as the amount realized from said tax for the fiscal year 1888 and 1889 was \$19,862.35, whereas the interest paid on said loan for said years amounted to the sum of \$113,929.72.

DIVIDENDS.

"Statement G" shows the dividends from various stocks held by the State, and interest accrued and paid during the fiscal year ended 30th September, 1889, to be \$373,693.34.

OYSTER FUND.

"Statement H" gives in detail the several receipts to credit of the Oyster Fund, amounting in the aggregate to the sum of \$61,562 08.

The expenditures during the year have been in the aggregate \$63,306.09, in which sum is included, on account of the purchase of two new sailing vessels, the sum of \$2,950.00.

The amount standing to the credit of the Oyster Fund, at the close of the fiscal year 1889, was \$113,883.48.

STATE DEBT.

The total indebtedness of the State, as is shown in detail in "Statement J," was at the close of the fiscal year 1889, \$10,370,535.56.

The State holds productive assets and cash to the credit of the Sinking Funds, as shown in "Statement J," to the amount of \$6,031,255.04.

The Legislature of the State from time to time has authorized investments in works of internal improvements, and Maryland has numbered among her unproductive assets upwards of twenty-eight millions of dollars, besides the interest on said sum. The great majority of this sum will never be realized, and whilst the principal and interest may be regarded as lost, it has been the means in some cases of developing the resources of the State and adding greatly to its prosperity. As I stated in my report last

year to his Excellency the Governor of the State, there is a considerable amount of indebtedness from State officers shown in said table, a great deal of which is worthless, but of which I will speak more in detail later on.

The assets above mentioned as "productive" and "unproductive," are given in detail in Statement "I." I also call your attention to the several loans contained in Statement I, which fall due in 1890. Provision for the payment of the same will have to be made by the present Legislature.

ASSESSMENTS OF REAL AND PERSONAL PROPERTY.

"Statement K" shows the assessment of Real and Personal Property, in the several counties and city of Baltimore, for the year 1889, the aggregate of which is \$477,398,380, being less than that of 1888 by \$12,617,803. It will thus be seen what a large decrease in the value of Real Estate of Maryland has taken place within the last year.

The levy for State taxes for 1889 on the Real and Personal Property of the State, at $17\frac{3}{4}$ cents on each hundred dollars, amounted to \$847,382.10.

PUBLIC SCHOOL TAXES.

The State levy for Public Schools is shown in detail in "Statement L," amounting in the aggregate to \$501,268.28.

The receipts of School Tax during the fiscal year amounted to \$545,956.78.

The disbursements of School Tax during the fiscal year amounted to \$535,191.85. The entire amount of Public School Tax will not be distributed, however, until the close of the school year, 15th of June next.

LICENSES, &C.

"Table No. 1," shows the receipts of revenue from various Licenses mentioned therein, interest and excess of fees of Clerks of Courts and other officers therein named, amounting in the aggregate to \$514,101.74.

"Table No. 2," shows the receipts of State Tax on Collateral Inheritance, tax on Commissions of Executors and Administrators, and excess of fees of office of certain Registers of Wills, amounting in the aggregate to \$98,451.70.

"Table No. 3," exhibits in detail the receipts of State Taxes from Collectors in the several counties and city of Baltimore

during the fiscal year 1889, amounting in the aggregate to \$801,827.00.

"Table No. 4," shows in detail the receipts into the Treasury for Licenses to Auctioneers and Express Companies, amounting to \$4,526.00.

"Table No. 5," exhibits in detail the revenue, receipts into the Treasury from tax on gross receipts of Railroad Companies, operating their lines by steam power, for the year 1889, amounting in the aggregate to \$58,972.98, showing an increase of such receipts over those of 1888 of only \$577.58.

"Table No. 6," shows the several receipts into the Treasury for the fiscal year 1889, from State Tax on Stock of the State of Maryland and City of Baltimore, amounting to \$41,639.24.

"Table No. 7," shows the receipts into the Treasury for the year 1889, from State Tax on the Shares of Stock of Corporations, returned by the State Tax Commissioner, amounting to \$85,795.68.

STATE TOBACCO INSPECTIONS.

"Table No. 8," shows the receipts during the fiscal year 1889, from State Tobacco Inspections and the disbursements during the same time, for and on account of the State Tobacco Warehouses. The receipts were in the aggregate \$63,368 23, and disbursements \$59,931.02, showing net receipts to the amount of \$3,437.21, which, added to the balance of tobacco inspections at the close of the fiscal year 1888, viz., \$502.63, made a total of \$3,939.84. The salaries paid during the fiscal year to Inspectors at the State Tobacco Warehouses amounted to \$9,000.00. By advice of the Attorney General the Board of Public Works contracted for some absolutely necessary improvements at certain of the State Warehouses, which expenditures materially lessened the cost of insurance on buildings and added considerably to the quantity of tobacco stored in said houses. As there was no authority to pay for such improvements, although considerable money has been returned to the Treasury from said warehouse, your honorable body will be asked for the necessary authority to pay said bills.

"Table No. 9," shows receipts for 1889, from the Land Office, State Hay Scales, State Live Stock Scales, State Wharves and Weighers of Grain, amounting to an aggregate of \$6,536.56.

"Table No. 10," shows in detail the amounts of interest received on various accounts therein mentioned, showing an aggregate of \$8,516.17.

"Table No. 11," exhibits in detail the receipts from Notaries Public, for taxes on protests, amounting to \$3,536.67.

"Table No. 12," shows the receipts during the fiscal year 1889, from Sheriffs, on account of excess of fees, interest and fines and forfeitures, amounting to \$1,586.78.

"Table No. 13," shows the revenue from Licenses to Foreign Insurance Companies for the fiscal year 1889, amounting to an aggregate of \$45,036.63.

"Table No. 14," shows in detail the amounts of State taxes for 1889, remaining uncollected in the hands of Collectors in the several counties and city of Baltimore, at the close of the fiscal year 1889, amounting to \$354,084.75.

"Table No. 15," shows balances due from Collectors for years previous to 1889, amounting to \$234,865.91.

"Table No. 16," shows balances due from Sheriffs for various years previous to and including 1889, amounting to \$25,333.20.

"Table No. 17," shows balances due from Clerks of Courts, Registers of Wills and other Officers, for interest, amounting to \$39,522.04.

"Table No. 18," shows the amounts due from various Corporations for State taxes for various years, amounting in the aggregate to \$103,073.38 at the close of the fiscal year, some of which, however, have been paid into the Treasury since the close of the fiscal year, as noted in said table.

"Table No. 19," shows special appropriations made by the Legislature paid during the fiscal year 1889.

"Table No. 20," shows in detail the disbursements made during the fiscal year 1889, from the Contingent Fund of the Comptroller, and "Table No. 21" shows in detail the disbursements of the Contingent Fund of the Treasury Department during the fiscal year 1889. The statement of the rents of the State Tobacco Warehouse Wharves, required by Joint Resolution No. 13 of 1886, is appended, showing the indebtedness of the Warehouses to the State to be \$175,126.50 at the close of the fiscal year.

"Appendix No. 2," contains a number of tables, showing reports from various Officers, and other matters, furnishing data for the arrival at correct ascertainment of amounts in preceding statements.

SUSQUEHANNA AND TIDE-WATER CANAL COMPANIES.

Under the Act of 1888, Chap. 154, the Comptroller was authorized to adjust and settle, with the approval of the Governor

and Treasurer, the amount of interest due to the State by the Susquehanna Canal Company, and by the Tide-Water Canal Company, to January 1st, 1888, under their respective bonds and mortgages, made to the State, or for its benefit—to compromise such indebtedness—to extend the time of payment thereof—and to reduce the rate of interest thereon, after January 1st, 1888.

This indebtedness had been long pending, with little prospect of its adjustment. A favorable opportunity occurring for negotiation, it was thought best, by all the Executive Officers of the State, that the powers given by the Act referred to should be exercised in the following manner, namely, that the arrears of interest due to the State by the said Companies to January 1st, 1888, on their respective bonds and mortgages, should be settled by their payment into the State Treasury of the sum of \$127,500; that the period for the payment of the debt due by those Canal Companies, and secured by mortgages upon their property, should be extended for a period of fifty years from January 1st, 1888, and that the rate of interest payable on said bonds and mortgages after January 1st, 1888, should be reduced to two per centum per annum. Those terms were agreed to on the part of the State and the two Canal Companies. The sum of \$127,500 was paid into the State Treasury, and also the reduced interest for the year ending on January 1st, 1889, and the transaction completed.

Under the same authority settlement has been secured through counsel of the claims of the Maryland Coal Company, the Consolidation Coal Company and other small claims, all of which appear in this report.

COLUMBIA AND PORT DEPOSIT RAILROAD COMPANY.

The Attorney-General has examined the papers connected with the foreclosure proceedings in the Court of Common Pleas, No. 2, in the city of Philadelphia, instituted by the Pennsylvania Railroad Company against the Columbia and Port Deposit Railroad Company and George B. Roberts, Surviving Trustee.

The suit was brought to the June Term, 1889, for the sale of the property of the defendant Company under a mortgage made 1st February, 1868, by the defendant Company to Trustees, for the purpose of securing the payment of \$2,500,000 of Bonds (\$1,000 each), with interest at 7 per cent. per annum. Certain changes in the trusteeship from time to time took place, but at

the time of filing the bill George B. Roberts was Surviving Trustee under the said mortgage and deed of trust.

Of the said twenty-five hundred bonds eighteen hundred and eighty-two are outstanding, the Pennsylvania Railroad Company holding eighteen hundred and twenty-two and the State of Maryland holding sixty, or, in other words, of the sum of \$1,882,101 due thereon, the Pennsylvania Railroad Company has \$1,822,000, the State of Maryland \$60,000, so that the whole indebtedness is held by these two parties.

The unpaid coupons amount to \$1,185,000. No interest has been paid to the State since August 1, 1880.

The Columbia and Port Deposit Railroad Company and George B. Roberts, Surviving Trustee, filed their answers admitting the allegations of the plaintiffs' bill of complaint and submitting to such decree as might be proper in the case. Of course, in the absence of legislation, there was no authority for the Attorney-General to appear for the State, and in his letter on the subject to the Governor he says that there is no reason why the State should be made a party plaintiff, as its interests were the same as those of the Pennsylvania Railroad Company.

The Court has entered a decree of foreclosure, under which the property, rights and franchises are to be sold at public auction in Philadelphia, after due notice by advertisement for sixty days prior to the sale. This being the case, it would be advisable for the Legislature to give authority to the Attorney-General or Board of Public Works to take such action as seems best to protect the State's interest under the circumstances.

CHESAPEAKE AND OHIO CANAL.

The Chesapeake and Ohio Canal was incorporated and constructed for the purpose of supplying a convenient water way for the purposes of commerce through that section of our State which it traverses. It is encumbered by a very large debt to the State, secured by mortgages, and by the interest which has accumulated upon such mortgages. It is largely indebted under the provisions of the Act of 1884, Chap. 281, and is subject to a primary lien upon its property, tolls and revenues to the extent of \$500,000 and accrued interest, under the express provisions of the Act of 1878, Chap. 58. It is also indebted to persons who have furnished material and labor in operating it and keeping it in repair. Claims of this class ought to be protected as far as possible. The justice of this is very apparent. These creditors,

who are chiefly laborers and mechanics, have earned by their toil the money due them, and they stand in much need of it now. They relied upon prompt payment, and the delay has subjected them to serious hardships. Whilst a matter of much importance to them, the aggregate amount is not so large as to cause the State any inconvenience should provision be made for its settlement.

Disastrous freshets which have occurred since the last meeting of the General Assembly have so far disabled the Canal that only about three miles on the Georgetown level and a few miles near Cumberland, both of which spaces were repaired by private enterprises, are now navigable.

The Chesapeake and Ohio Canal was one of the great works which the State of Maryland undertook many years ago to foster and develope. There can be no question that its construction and use has greatly aided in the development of Western Maryland, and has added an amount greater than its entire cost to the taxable wealth of the State. It would seem to be proper that the General Assembly should consider whether any measures can properly be taken for its restoration to usefulness. This is a question in which the people of the entire State necessarily feel a deep interest, and some speedy action should be taken by your honorable body to protect the State's interest, as well as the interest of the unpaid laborers and mechanics who were employed in this great work.

FOREIGN CORPORATIONS.

I respectfully recommend to your consideration the fact that the mandate of the Constitution that "the Legislature, at its first session after the ratification of this Constitution, shall provide by law for State and municipal taxation upon the revenue accruing from business done in the State, by all Foreign Corporations," has not yet been complied with.

The taxation of Foreign Insurance Companies has been provided for to some extent, but there are many other Foreign Corporations doing business in this State, involving large property, the taxation of which has not yet been provided for, and it is very important that this be done at the present session.

UNPRODUCTIVE ASSETS.

Your attention is especially called to numerous items carried on the books of the Treasury Department and supposed to form part of the assets of the State. These items are made up of va-

rious sums due by Corporations, Clerks of Courts, Registers of Wills, Sheriffs and other Officers, are of long standing, and many of them are utterly valueless. Their retention on the books is misleading. Efforts have been made to collect them. A list of these debts has been sent from this office to every State's Attorney in Maryland, with instructions to report upon the probability of their being made available, and later on during the session I will transmit the information which I may receive respecting these items. It is perfectly safe to say that many, if not most, of these claims of long standing are valueless and can never be realized. Continuing them on the books gives much trouble and needless labor. I respectfully suggest that authority be given the Comptroller to drop these worthless items, or that some other mode for disposing of them be adopted. These observations have no reference to such claims as the Comptroller has heretofore been empowered to adjust, under the Acts of 1884, Ch. 116, except such as are known to be of no value whatever.

Of course you cannot close your eyes to the great depression of the agricultural interests, particularly as far the larger proportion of the direct taxes is collected from the farmer and the real estate owner; and you will not overlook the fact that great caution ought to be observed in making expenditures, lest increased taxation may add further burdens and distress. There is, in fact, no need to levy a higher rate of taxes, and every energy should be bent to lower, if possible, the public exactions.

I do not feel that I would be justified in trespassing further on your attention. The information which the various tables accompanying this report impart, needs no elaboration at my hands. You will observe the prosperous condition of the State's finances. Your wisdom and good judgment will doubtless devise means by which that condition may be continued, and by which the blessings of good government and an economical administration will be further preserved to our people.

I shall at all times be ready to furnish the General Assembly such other information in my possession as it may desire.

I take occasion in closing to say that I am much indebted to the very able and accomplished gentlemen who hold positions in this office, for their uniform and constant attention to their duties and the intelligent assistance they have given me.

Respectfully,

L. VICTOR BAUGHMAN,

Comptroller.
